

# KSASTYLE (\$KSA) — Whitepaper

Version 1.0 — 2025-09-14

KSASTYLE (\$KSA) is a community-driven meme token on BNB Smart Chain. Our mission is to blend crypto culture with Saudi-inspired creativity, building a fun and positive community.

## 1. Overview

\$KSA is a BEP-20 token on BNB Smart Chain. There is no presale, no fundraising, and no promises of profit. The project focuses on community engagement through memes, challenges, and social interactions.

## 2. Token Details

- Chain: BNB Smart Chain
- Standard: BEP-20
- Symbol: KSA
- Contract: 0xb0b30A6a49bAB32eC121AC16b25C7eFf391eeFF9
- Total Supply: See BscScan “Total Supply” on the contract page (fixed by contract).

## 3. Utilities (Community-Focused)

- Community memes & creative challenges.
- Contests and social engagement activities (non-financial).
- Open and transparent communication on official channels.

## 4. Governance

Decisions on community activities are discussed publicly across our official channels (Telegram/X). There is no formal on-chain governance in v1.

## 5. Roadmap (High-Level)

- Phase 1: Launch website, publish whitepaper, verify contract ownership on BscScan.
- Phase 2: Grow community (Telegram/X), run meme challenges, list basic info on trackers.
- Phase 3: Explore light utilities for engagement (e.g., community badges, off-chain points).

## 6. Risks & Disclaimer

Cryptocurrencies are volatile and risky. \$KSA is a meme/community token intended for entertainment and community-building only. Nothing herein constitutes financial, legal, or tax advice. Always do your own research (DYOR).
